RE: Sewer Service

Dear Mr. Bolton:

In response to your letter regarding sewer service availability, unfortunately, Williamson County does not provide sewer treatment. However, your property is located in the Franklin City limits and Franklin does provide such service. You can contact Pam Stephens with the City of Franklin at 794-4572 and ask about hooking up to their service or if they will make their sewer service available to you.

If you have any other questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to be "Clint", written over a horizontal line.
